**Malla Reddy Institute of Engineering and Technology**, BTech in Computer Science 2020 – 2024

- CGPA: 7.1
- *Coursework*: Web Development, Database Systems, Software Engineering

**Sri Gayathri Junior College** 2018 – 2020

- Percent: 89 %

**Montessori High School** 2018

- CGPA: 9.7

## Technical Skills

---

**Languages & Frameworks**: JavaScript (ES6+), React Js, Node.Js, Python

**Databases**: SQL, MONGO DB

**Web Technologies**: HTML, CSS, Bootstrap

**Soft Skills**: Communication, Problem Solving, Quick Learning **Languages**

**Spoken**: Telugu, English, Hindi

## Projects

---

### IPL Dashboard App – React.js | REST API

[MyIplDashboardApp](#)

- Developed a dynamic IPL dashboard using **React.js** with routing and API integration.
- Displayed team and match data fetched from external APIs with conditional rendering and reusable components.
- Used conditional rendering and **loader animations** to enhance UX while fetching asynchronous data.

### JOBBY APP

[JobbyApp](#)

- Developed a React job search app with user authentication and protected routes.
- Integrated REST APIs for dynamic job listings, profile, and job details with loading and error handling.
- **Implemented JWT authentication, React Router, and reusable components for maintainability.**

## Certifications & Training

---

- Python Certification
- HTML, CSS Certification
- SQL Certification
